Grand HVAC Leasing announces new office expansion in Tukwila, Washington

Tampa, FL – October 1, 2020 – Grand HVAC Leasing, LLC (GHL), the leading provider of heating, cooling, water heating and energy solutions across North America, is pleased to announce that it has signed a lease to expand to a new office in Tukwila, Washington, to accommodate the Company's rapid growth.

"The decision to expand our presence into the Washington area was a logical step in our business growth strategy," said Bill Lane, President & CEO of Grand HVAC Leasing. "Over the past years, we have made major advancements to the way our business operates. We have already begun the process of expanding our resources to assist with our growth, and we are pleased that the new space will be able to accommodate our growing presence in the Washington market."

"Thanks to our presence in Washington, GHL can now establish even closer ties to strengthen the company's partnerships with Utility companies, manufacturing partners, customers, and contracted partners," said Dave Henshaw, Vice President of Operations.

"It's also important to reinforce that we are closely following the World Health Organization (WHO) and local public safety guidelines to do our part to prevent the spread of COVID-19. As such, we have implemented new health and safety protocols, including controlling access to our office spaces, performing health checks on employees, introduction and implementation of contact tracking software and rotating schedules so that our employees can alternate between working from the office and working from home safely," said Bill Lane.

While the office is available to GHL now, the Company will be following safety guidelines regarding opening the Washington office up to the general public or any visitors until it is safe to do so. This new opening marks the third office for GHL since 2012, which now has offices in Tampa, Florida, Tukwila, Washington and Burlington, Ontario.

New Office Location

16040 Christensen Road, Suite # 310 Tukwila, Washington 98188

Grand HVAC Leasing
if it appreciates buy it - if it depreciates lease it

About GHL
